Aerial Cable Marker

Fact Sheet

Highly visible from the ground, cable markers quickly communicate various information including, asset ownership, strands per-cable, voltage, cable run-length and utility contact-numbers. Our PVC cable markers simply clip over a cable and the adhesive strip secures the marker to prevent flipping. Choose from a variety of diameters and lengths to meet your needs. Messages can be custom printed in your choice of colors. Reflective and vinyl materials are laminated for added UV protection.

DESCRIPTION:

- Standard PVC color: Black
- Unlimited label colors available
- Standard Sizes: 6" x 2" | 6" x 4" | 12" x 4"
- Standard clip diameters: 0.25" | 0.60" | 1.0"
- Water, solvents, UV light, and abrasion resistant
- Service Range Temperature: -40°F – 185°F
- Shelf Life: Stable when stored at 70°F and 50% relative humidity
